No 190

## NEWS OF THE CAPITAL

### RUMORS AS TO GOVERNORS

Railway Commission Approves a Portion of the Lake Superior Branch of the G. T. P.

Ottawa, Aug. 16.—The report is current here that Mr. Forget will be appointed Governor of Saskatchewan and Mr. Bulger Governor of Alberta.

Senator Casgrain, of Montreal, is trying to arrange a special train to take members of Parliament and Senators to attend the inaugural ceremonies at Regina and Edmonton.

Reports current in the Conservative press of Sir Wilfrid Laurier's health being in a critical condition are entirely unfounded. Sir Wilfrid is in splendid condition and enjoying a fishing trip to Winchester Springs, before returning to Ottawa.

An arbitration will be held here to determine whether Sir Oliver Lodge, Dr. Dutoit or R. A. Fessenden is the first inventor of wireless signalling connections with wireless telegraphy. Ridout, of Toronto, Thompson, of Montreal, and Aylen, of Ottawa, are arbitrators. The Railway Commission has approved plans of the first eighty miles of the Lake Superior branch of the Transcontinental.

### SIX KILLED.

Santa Ana, California, Aug. 17.—Six persons were killed tonight in the wreck of a northbound Santa Fe train between Santa Fe and Riverdale. The train ran into a freight.

### RUN OVER BY STREET CAR

Winnipeg, Aug. 17.—Robert Stenhouse, a plumber in the employ of Green & Lister, was run over by a street car at the corner of Gertrude and Pembina streets last evening about 6 o'clock. He was seriously injured and his chances for recovery are slim.

### NORWAY MAY ELECT A PRESIDENT.

Berlin, Aug. 17.—The plan supported by Great Britain for Prince Charles of Denmark to ascend the Norwegian throne, has failed, according to information received here from Copenhagen. The expectation is that Norway will establish a republic.

### ATTACKED THE EMPRESS.

Frankfort, Aug. 17.—A Tien Tsin despatch to the Frankfurter Zeitung says that an attempt was made on the life of the Empress of China today as she was passing through the gate of the city to the summer palace. Her assailant was dressed as a servant and was bayoneted by the guards.

### STATION CONTRACT LET.

Free Press: Contracts were awarded yesterday for the erection of a depot and office building and a roundhouse for the Canadian Northern railway at Edmonton. Winnipeg contractors were successful in both cases. Mr. Brown's bid for the depot and Smith & Sharpe's for the roundhouse being accepted. Mr. Brown is also building the C.N.R. depot at Port Arthur. The round house will be about the same size as the company's present round house in this city. The depot and office building will be a structure of considerable size, and will have an imposing aspect.

## SCOTT WILL LEAD

### THE SASKATCHEWAN LIBERALS

The Regina Convention Decides on a Straight Fight with Scott as Leader—Over Two Hundred Delegates Present

Regina, Aug. 17.—Two hundred and fifteen delegates are in attendance at the Saskatchewan Liberal convention here. Most of yesterday was spent in preliminary committee work. At a sitting of the convention last night resolutions were passed, deciding to fight the election on straight party lines and requesting Walter Scott to lead the Liberal party in Saskatchewan. Mr. Scott accepted the leadership.

### LIVE STOCK QUOTATIONS

Liverpool, Aug. 15.—The English market is slightly firmer this week, yet the prices are not much higher. London, \$10.75 to \$11.25; Liverpool, \$10.50 to \$11.25. Alberta ranch cattle are selling at Liverpool at 9c. This price is unsatisfactory, the cattle being in good condition, and the shippers expect higher figures.

Montreal, Aug. 15.—The demand for ocean space has dropped off altogether. All the August space has been taken as well as a good deal of September. Shippers, therefore, are in a more independent position for a while. Some September space has been taken by western shippers at 45c. per head to Liverpool. Shipments of live stock for the past week are much smaller than those for the previous week, being 4,900 cattle against 6,525.

Montreal, Aug. 15.—The market is steady at \$4.25 to \$4.50 for top; \$3.75 to \$4. for fine; good \$3 to \$3.50. Winnipeg, Aug. 15.—Export steers, weight at point of shipment, \$3 to \$3.25; butchers' top, \$3 to \$3.25; medium to common \$2 to \$2.50.

### MUST PAY UP.

Richard Moss and Joseph Humble, were before Magistrate Wade today charged with throwing down the fence around the Edmonton herding and pasture premises and allowing the cattle to get out. It appears that these men were taking cattle to Moss' slaughter house and crossed the pasture instead of going around, leaving the fence down.

The magistrate fined them \$5 each and costs amounting to \$1 each, and also assessed them with \$8 each for damages, making a total cost to each of \$18.65. They are given until Saturday at 6 o'clock p.m. to pay the amount and in case of default must go to jail for ten days.

Messrs Connell and English are the proprietors of the pasture and Mr. Bishop prosecuted for them. The plaintiffs claim that their fence has been repeatedly thrown down but this is the first time they found out who did it.

### ATTEMPTED C.P.R. WRECK

—One of the most dastardly attempts to wreck a train in the history of the Canadian Pacific was made on Monday, when a person as yet unknown, placed on iron bar across both rails of the C.P.R. main line, about one mile from Fort William station. In order that it could not be shaken off the rails stones were piled at both ends of the bar, and that a fast freight which arrives about midnight was not wrecked, is due entirely to the accidental discovery of the obstruction by a police officer. Robbery could not have been the motive of the miscreant as a number of freights were scheduled to pass over that portion of the track before the morning passenger was

## A DISPLAY OF FARM PRODUCTS

The Bulletin is desirous of making a window display of Alberta farm products for Inauguration Day, September 1st, and will be greatly obliged if friends throughout the country will send or bring to the office samples of grains, grasses, fruits and vegetables grown during the present season. There will be thousands of visitors in Edmonton on Inauguration Day and the opportunity should not be lost to impress upon them the capabilities of Alberta. For a decade the Bulletin has been telling the world about the qualities of Alberta's soil and climate. We would like now to demonstrate in this practical way that our claims have been justified. Samples brought in will be labelled with the name and address of the producer, will be taken care of and returned if so desired. The season will be sufficiently advanced to make possible a display of ripe grains, grasses, fruits and vegetables of all kinds, native and cultivated and we rely upon our friends to co-operate in making this exhibit thoroughly worthy the occasion and representative of the agricultural resources and progressive farmers of the district.

## THE GREATER CANADA

The Evening Telegram of Portland, Oregon, under the title of "Greater Canada" published the following editorial opinion of this country. The article is a sane summing up of Canada's great resources and magnificent prospects.

The Telegram says:—

"It is reported that the Canadian wheat crop for this year will return a revenue of \$75,000,000. This means an increase of approximately 15,000,000 bushels of wheat over last year's crop. The further meaning is an increased acreage, an accelerating material development that has been much in evidence these latter days.

Canada, as a matter of fact, has begun to loom up big in her industrial and economic character. Her citizens are talking in a serious way of the enormous possibilities of the future. We hear reference to a Canadian North West as yet practically untouched, with a splendid wheat-producing area, alleged to cover a territory equal to that of eight states like Illinois—more than 400,000 square miles of wheat-producing country, if the estimate as to the quality of the greater portion of it prove true.

Canadians are doing more than talking of this vast wealth-producing area, simply as a fact of commercial and industrial gossip. They are acting for its development—for its speedy development. Their action involves direct manifestation of National interest in two important directions: the one in the matter of immigration, the other in that of transportation. The Canadian Government has become an agency of exploitation for the Canadian North West; it is about to become surety for the transportation facilities that will make a residence in that section desirable and profitable. Canada has gone into the best markets in the world to secure material for the development of her wheat-fields—the home of the progressive farmer of the American Middle West—where she is hiding strongly against the competition of undeveloped sections of the United States. Co-incidental with this effort, Canada has projected the Grand Trunk Pacific Railroad, a line that will span the continent from ocean to ocean, with every yard of it built on Canadian soil. Canada is doing all these things with definite and intelligent purpose, with full realization of their import, of the reward that will be hers by reason of them.

Canada as a matter of fact is big and the knowledge of her riches is coming home to her. She has reached the point where her international trade, both in foodstuffs and manufactured goods, becomes a world factor. She provides a field that is attractive to the American manufacturer, not only for the sale of goods made on this side of the international boundary line, but for the investment of capital in Canadian manufactures.

Whoever watches the trend of Canadian affairs cannot escape the impression of her fast developing greatness. In making this assertion, reference is had to her material, and not to her potential progress. The remarkable fact in recent years of Canadian life is the new spirit that has touched her industrially, the apparently new realization of sources of wealth that have lain dormant, of an empire unexploited, and the fixed determination to secure the population, develop the wealth, and thereby in-

## THE SELKIRK ESTATE

## CLAIMS OF OLD H. B. MEN

Former Resident of This City will visit Edmonton to Press the Matter Upon Government Officials

(Winnipeg Tribune)

The Tribune has secured interesting correspondence pertaining to the rights of old Hudson Bay servants to a share in the Selkirk estate. Mr. Isaac Cowie, one of the pioneers of the west, has been looking into the rights of these people and the facts which he has learned, are set forth below.

Mr. Cowie leaves shortly for Edmonton and will doubtless interest many of the oldtimers who will be in attendance at the inaugural celebration. The result will probably be to bring the whole matter to the attention of the Governor-General and other Dominion authorities.

Winnipeg, August 5, 1905.  
G. J. Kinnaird, Esq., City Clerk, Edmonton, Alta.

Dear Sir—I have, on my visit to Edmonton, an interesting matter to discuss with retired servants of the Hudson's Bay Company, regarding their claims to one-tenth of the Selkirk estate. Under the deed from the Hudson's Bay Company to Lord Selkirk, 1811, one tenth of a tract, consisting of 75,000,000 acres, and comprising all of the present Province of Manitoba, the eastern half of Assiniboia and such portions of Dakota and Minnesota as are drained by stream flowing to Hudson's Bay, was to be held by Selkirk subject to demand by the Hudson's Bay Co. from time to time, for not more than 1,000 acres to a servant of lower grade to be set out and given to such retired servants as had served three years. This condition was in operation for many years; but, as the settlement became a nuisance to the company, the matter was so systematically "permitted to retire" into oblivion, that none of us old timers knew of the existence of the compact.

The Rev. James Taylor (David Arncliffe's brother-in-law) appears to have unearthed, long ago, the scheme of suppression (by a conspiracy of silence on the part of the highest "Muckety Muck" of the Hudson's Bay Company), but he kept quiet, merely giving vent to mysterious hints of vast secrets of state which he held and no one of importance took stock of him and his pretensions. A few months ago he caused to be published in the Prince Albert Advocate extracts from a memo. in which he and others in Prince Albert had addressed to the Canadian Government. The thing was headed "The Veterans of the Fur Trade Organization" and clippings were sent to a number of old Hudson's Bay Company's men. I thought it was all humbug until I got hold of Judge Arch. Martin's book on "The Hudson's Bay Co.'s Land Tenures," in the appendix of which copies of all documents bearing on the subject, except the re-conveyance by Lord Selkirk's heirs to the Hudson's Bay Company in 1835 and issue. The deed of Surrender of the Hudson's Bay Company to the Crown, clause 10, expressly states that all titles to land given by the Hudson's Bay Company are to be confirmed by the Crown. Canada accepted this. The Governor-General's proclamation authorized by the Imperial Government of 5th December, 1869, addressed to "all the inhabitants" of Rupert's Land, expressly assured them that all their civil and religious privileges will be respected, and their property secured to them.

As soon as I got Judge Martin's book I, making a test case, of my own, wrote separately to the minister of the Interior, as per copy herewith, (to which no reply has been received) and to the Hudson's Bay Company, as per copy and acknowledgment herewith.

Meanwhile, Taylor has sent forward to Mr. Lamont, M.P., the petition of which I also enclose copy.

Now regarding all this, I think the gathering of the Governor-General, to whom as His Majesty's direct representative we have the right to appeal, and the Premier, and the Minister of the Interior at Edmonton, would offer as a splendid opportunity of presenting in a 1865, our claims. Will you undertake to get some one else, to get a meeting of the non-pensioned Hudson's Bay men and arrange for a demonstration on that occasion.

Yours very truly,  
ISAAC COWIE.

To the Governor and Committee of the Hudson's Bay Company, London, E.C., England.

Gentlemen—I have recently been made acquainted with the following facts, of which, in common with most of your retired servants, I had been previously ignorant:

1 That in your conveyance of the District of Assiniboia to Lord Selkirk in 1811, you stipulated that one tenth of the tract was to be set out as grants to your retired servants who had served you for three years in the proportion of not more than 200 acres for one under the rank of post-

master, and of not more than 1,000 acres for one of or above that rank.  
2 That the number of grants so made have not at all exhausted the said reserve, of which it is estimated that 7,200,000 acres remain undivided amongst the beneficiaries, but which owing to the rapid settlement of the country, may soon become settled upon by settlers having no such prior claims.

Clause 10 of your Deed of Surrender to The Crown expressly stipulates that all titles given by you are to be confirmed by the crown; and the Governor-General's proclamation, December 5, 1869, assured that "all your civil and religious rights will be respected, your property secured to you," on the union with Canada.

I entered your service as apprentice of 1867-1872, and was master of a trading post prior to the rebellion of 1869-70. I am consequently entitled to be allotted 1,000 acres out of the Selkirk estate, and I now formally request you to make a demand upon the proper parties for the allotment of 1,000 acres to me in satisfaction of this, my claim.

Hoping that I may be favored by an early and satisfactory reply, I remain, gentlemen, your obedient servant.

ISAAC COWIE.

Winnipeg, June 5, 1905.

To the Honorable Frank Oliver, M. P., Minister of the Interior, Ottawa.

Sir—In a book entitled "The Hudson's Bay Company's Land Tenures," published by James Archer Martin, in 1896, which has quite recently been brought to my notice, I find copies of the grant by the H.B.C. to Lord Selkirk, page 173, and of the Deed of Surrender by the H. B. C. to the crown, page 218.

By referring to page 174, last paragraph, and to page 175, first succeeding two paragraphs, you will find that persons of the rank of master of a trading post, I claim to be entitled to 1,000 of these lands so reserved, and under clause 10 of the surrender, which was accepted by the Dominion, I beg to request you, as Minister of the Interior, to act for my use that quantity of the land.

I make this claim now, immediately after becoming aware of my rights under the Selkirk grant, in the hope that it be granted ere more of the lands be taken up by the settlers not possessed of such prior rights. I have the honor to be, Sir, your obedient servant.

P. S.—Please refer also to Governor General's proclamation of December, 1869.

## TENDERS

Tenders for the erection of the Bank of Montreal, Regina, from the ground floor level, will be received up to 5 p.m. 26th August, at the offices of W. M. Dodd, Architect, Calgary and Regina, where plans and specifications may be seen and all information obtained.

All tenders to be accompanied by an accepted cheque on chartered bank, for 5 per cent. of the amount of tender, which will be forfeited should the contractor fail to enter into a satisfactory contract, or should he fail to complete his contract in a satisfactory manner. Cheques will be returned to unsuccessful contractors.

The lowest or any tender not necessarily accepted.  
dy 179-190 chg

## DAILY BUS

Between Edmonton and Strathcona. Hours of leaving Edmonton for Strathcona: 7 a.m., 9:30 a.m., 1:30 p.m., and 3 p.m. Our bus meets train in Strathcona at 4 p.m. Passengers to either depot. Orders for bus should be sent one hour before time. Baggage attended to by phoning 109.

N. LECLERC, Prop.

## "HOTEL CORONA" WINNIPEG.

Newly opened. Elegantly furnished Rooms with bath. Rates \$2.50 and upward. W. J. O'CONNOR, Prop.

## ANNOUNCEMENT.

Mrs. Tournier wishes to announce that having just arrived from Paris she is prepared to do dressmaking in a satisfactory manner. Next door to Red Cross Drug Store.

## In some districts it is hard to secure soft water for wash day. When you use Sunlight Soap

you don't require soft water, it washes equally well with hard water. It frees the dirt from the clothes without scrubbing or boiling. Try Sunlight. Your grocer will refund your money for any cause of complaint.

## LOCAL

—**Calgary Herald:** Roebuck the alleged murderer of Hanson, near Red Deer, is at the barracks. The coroner's jury failed to indict Roebuck in the verdict and the circumstances indicate that the accused has much to explain.

—**Calgary Herald:** J. S. Wilmott, of the Merchant's bank, left last week with Mrs. Wilmott for their new field in Portage la Prairie. Mrs. Wilmott is succeeded in the management of the branch here by R. F. Taylor, who has been manager at Lacombe for the past two years.

—**Lacombe Globe:** It is with much regret to the people of Lacombe and district to learn that Mr. R. F. Taylor, who has very ably filled the capacity of manager of the Lacombe branch of the Merchants' Bank since it first opened its doors to the public in Lacombe, has been removed to Edmonton.

—**Battleford Herald:** After a vain struggle for some time our contemporary, the Battleford Times, has finally succumbed and the plant has been stored away again. For the past six years this plant has been resurrected about election time and made to do duty for one of the candidates.

—**Engineer Mitchell** of the Grand Trunk Pacific is leaving for the East with a survey party to assist in locating the main survey of the railway. There is a good deal of activity about the G. T. P. offices these days, and it is just probable that the G. T. P. may have a ticket office and station in Edmonton ahead of the C. P. R. yet.

—**The Presbyterian Sunday school** picnic had to change its plans this morning. The steamboat inspector refused to allow the boat and scow to carry passengers, as it did not comply with the regulations regarding life preservers or life boats and no railing was on the boat. The result was that the picnic was cancelled and the children were driven down to the Hermitage instead.

—**Winnipeg Tribune:** The Winnipeg, Selkirk and Lake Winnipeg railway will soon pass into the hands of Mackenzie & Mann, according to report in the city today in well-informed circles. It is stated that negotiations are now practically concluded, which will turn over the local line to the Canadian Northern magnates, who will in turn amalgamate it into the system of Winnipeg Electric street railway.

—**Lacombe Globe:** Perhaps one of the best attended conventions in the district was held in Day's opera house on the afternoon of Saturday, August 12. There were thirty-three delegates present out of a possible thirty-seven. The attendance at the convention indicates the popularity of the chosen candidate, Mr. W. F. Puffer. The convention voted to the man in favor of the candidate. Several other names were mentioned in the first vote, but all withdrew in favor of the nominee.

—**Moose Jaw Times:** It will be noticed that in this fall wheat report of the Department of Agriculture, Edmonton is not included, yet within the immediate vicinity of the city the local grain men estimate there can be found 500 acres of fall wheat in flourishing condition. One man alone, Mr. F. S. Mitchell, has fifty-five acres under crop in splendid condition and promising a yield of thirty bushels to the acre. All the surrounding districts are now cultivating the winter varieties and have shown that fall wheat can be and is grown, as satisfactorily in Central as in Southern Alberta and it will be but a short time before the Edmonton district will show as successful results in this line of agriculture as at present in the raising of oats and spring wheat.

## PERSONAL

Mr. Saunders left this morning for Banff.

F. R. Rudd, of Sturgeon Valley, is in town.

Miss C. Almon left for Banff this morning.

J. Langlais returned yesterday from Pendleton, N.B.

## PEACE PROSPECTS

ARE BRIGHTER THAN EVER

Spirit of Compromise Rule Yesterday  
and the Probability of Peace Ap-  
pears Stronger

Portsmouth, N.H., Aug. 16.—Prospects of peace are brighter tonight than ever. The plenipotentiaries are now laboring with a seriousness and earnestness which leaves not the slightest doubt that both are anxious to conclude a treaty. Though the main points are yet to be taken up and the plenipotentiaries of each side outwardly speak as if unless the other gives, the spirit of compromise is in the air. When he returned to his hotel tonight M. Witte said, "I am doing all I can do for peace. Of the eight clauses we have already considered, I have yielded seven. No other statesman in Russia would have dared to do as I have done. What I have done is upon my own responsibility."

## LOCAL

—Probe: Fresh west to northwest winds. Fair to cool today and Friday.

—Passenger Traffic Manager Kerr, and Freight Traffic Manager Innes, of the C. P. R., are expected in the city one of these days to arrange for the opening of the long-expected C. P. R. ticket office in Edmonton.

—Twenty fixtures were up at noon for the new series are light. One circuit will be finished tonight. The work is being pushed forward at a rapid rate. The day power-service is shut off while the men are working on the lines.

—Mr. N. Chamberlain, of Sturgeonville, is cutting spring wheat today. The oat crop in that section is very heavy and will yield from 80 to 125 bushels to the acre. Oats will be cut in about ten days or so. The crop is bound to be a record one.

—The moving picture show of Peck's bad boy in the rink last night was as bad as the boy ever was. It was hardly up to an old fashioned backwoods magic lantern show, and even the small boys left in disgust, shouting "rotten" as they quit the rink.

—The Baptist Young People's Union purpose having a picnic tomorrow at the foot of Twelfth street on the flats. Busses will leave the church for the picnic grounds at 2 p.m. Those who cannot get away at that time are requested to come down for supper about six o'clock.

—The preliminary hearing of the charges against Dr. W.C.R. Borchert were begun yesterday at the police barracks before Magistrate Wade. Borchert's defence is that he purchased the horses from Mr. Larose and the time for payment has not yet arrived. The case was adjourned until today when Mr. Larose's evidence will be heard. Mr. Wallbridge appeared for the defence.

—Contractor D. F. McArthur, of the C. N. R. came in from St. Albert this morning. Engineer Barnes, with a survey party, is at St. Albert locating the line north from the city, and it is probable work will be begun north as soon as the main line is completed to Edmonton. McArthur's construction camp is expected to move within two miles of the city today or tomorrow and by Saturday evening construction gangs will be located right in the city.

## BORN.

Rudd.—To Mr. and Mrs. H. E. Rudd, at Sturgeonville, on August 12, a daughter.

## DIED.

GAIRDNER.—At Edmonton on Thursday, August 17th, William Frederick Gairdner, late chief-trader Hudson Bay Company. Aged sixty-four years.

Sandison.—At Edmonton, on Thursday, August 17th, 1905, Eaton Arthur Sandison, infant son of Amy and the late Chas. Sandison, aged six weeks and four days. The funeral will take place on Friday, August 18, at 3.30 p.m.

389-190

## CONSTRUCTION BOOMING

Richard's gang will finish its work on the C.N.R. next week and will leave at once to begin construction work on the Grand Trunk Pacific west of Winnipeg. All of the construction contracts east of Beaver Creek are now completed.

Wilson's men are at work two miles this side of Fort Saskatchewan and Cameron's gang is pitched at Belmont and the work is heading for the city.

Mr. John Walters is getting his gang of men ready to raft the timber for the bridge at Fort Saskatchewan, down the river at once. The piles square timber and plank are on the shore ready to be made into rafts. The work of constructing the bridge will be pushed forward with all speed. A construction gang landed at the half-way house at Horse Hills on Thursday evening and began work yesterday. Mr. H. S. Foster, the stakeholder at Horse Hills, was in the city yesterday afternoon to get a load of goods. He said the construction camp pretty nearly cleaned out his store the night before. He is doing a rushing business and only wishes that the railway building would last out there for a few years.

## Clings to The City

(Toronto Globe)

The English immigrant clings to the city like a fly to a wall. Since Friday 500 immigrants have arrived in Toronto and less than half of these have accepted the farming positions that awaited their acceptance. Many are mechanics, who prefer city life, and they may now be encountered on the downtown streets in groups of two or three. Employment agents are active at the Depot Immigration Office, and a number have been engaged for railroad construction and other rough labor at \$1.75 a day. Those that go to the farms do so with apparent reluctance and the fear of loneliness is indicated by the number who insist on being engaged in pairs or trios.

"You must go alone, boys, or not at all," said the immigration officer to two young men who wanted to go to the farm together.

Among the gentlemen in the immigration office yesterday was Mr. Robert Verity, an employment and immigrant agent, with office in Leeds, Eng. To a Globe reporter he showed a letter from Mr. W. H. Finzer, the oldest shipping agent at Leeds. One paragraph read as follows:

"It is reported here that thousands of men willing to work are out of employment in Toronto, and some without food and shelter. I should like to know from you the truth of this. I have had several reports brought in to that effect, and the same was reported to the press here, which just now deters many people from going out."

Mr. Verity has informed his correspondent that mechanics must take their chance, but adds that farming positions await all who will accept. He denied also the more ridiculous rumors quoted in the above paragraph.

Many undoubtedly, while discouraged by the first touch of homesickness, write discouraging letters home. This was the case with an ex-Leeds constable, who came out and after a short stay, returned to England. In a letter he says: "I see it differently now. I will never be satisfied to stay in England, and sail for Canada, August 3." He is in Canada or nearing her shores today.

In front of a downtown newspaper office, seventy-five men, the majority unmistakably new arrivals, were eagerly awaiting the paper to read the "help wanted" ads. A farming position was open, but that is the "court of last resort," and starvation alone will drive many to it.

A contractor who was spoken to yesterday said: "I have probably a dozen English laborers on my construction. They work well but are not as tractable as the foreigners. I cannot see that they have yet made any impression on the labor market."

An officer of a labor union said: "If some restriction is not put upon the importation of these men good Canadians will soon be walking the streets because they will be displaced by cheaper men. On farms no doubt their presence would be for the general good, but the flooding of the cities will not make it better for those already crowded into them."

## CRICKET

The following eleven will play Stratheona on the grounds on Saturday: Richardson, Boyes jr., Houghton, P. Hardisty, LeMaistre, Mountfield, Jones, Slocum, Slocum jr., Rev. Wilkinson, Boyes.

The match begins at 1.30.

There will be a committee meeting tonight at the close of practice.

## LACROSSE

The first game of lacrosse between Edmonton and Lethbridge resulted in a victory, by a score of 2 to 0, for the latter team. The fact that no goals were scored until the last ten minutes of the game what indicates that the teams were pretty evenly matched.

The game was played during a dust storm. The wind was blowing at a terrific rate and the dust was so blinding that it was very difficult for the boys to play their places with any degree of success.

## You Can't Buy

# REGINA HAS A STRIKE

Standard: Regina is today experiencing her first real trouble between capital and labor, and the greater part of the construction work on the Dobson, Jackson & Fry contracts has ceased temporarily.

The gang at work on Fifteenth avenue went out in a body this morning, and marched down to the corner of Eleventh avenue and Smith street, where another gang was at work. Here the strikers sat on the edge of the pits and defied any man to go to work at the risk of his life.

The strikers, as well as all other men on the construction work, are being paid \$1.75 per day. They think this is not enough and demand \$2 per day, which was refused by the management.

City Policeman Bennett was called to the Smith street line, but the men refused to act in response to his orders, presumably because he had no uniform, and was not, therefore, recognized as a policeman. Sergeant Wilkinson was next called in, and soon had a big bunch of the foreigners marching down the street and away from the scene of the trouble. He told the men if they did not want to go to work to get away, and not prevent the others from performing their work, and with a slight application of the policeman's grip on the collar of the ringleader, he succeeded in getting the gang away, and the men who had been working on Smith street were allowed to go back to it again.

There are now about a hundred men out of work, and the paymaster is giving them their time about as fast as he can write cheques, without extending any invitation to come back when the money runs out.

It is understood that none of the strikers will be allowed to return to work, but that their places will be filled with "non-union" men, who are willing to work for the regular pay, and be sure of a steady job until the completion of the waterworks and sewerage contract.

## A Million in Five Years

Based on the present rate of immigration and the percentage of increase, nearly one million consumers will be added to the population of Manitoba and the Territories in the next five years, says the Winnipeg Commercial. This is to many almost beyond comprehension, no doubt, but when we consider that the population now is well on toward a million and that the area to be settled is so vast, and the inducements to come here so great, it is not at all taking too optimistic a view of the situation to estimate that in five years the number of people should be doubled. It is a regrettable fact that the limited number of Canadian manufacturers are fully alive to the importance of central and western Canada. The vast majority of them are of the opinion that we are going ahead too rapidly, and that a setback is liable to come at any moment. Conditions and prospects, however, do not point to any rude awakening being very near. Was any country ever developed to any healthy extent by pessimists? We know of none, and we believe that pessimism is the drawback of progress.

The great trouble with us as Canadians has always been lack of confidence in ourselves and our wonderful country. This feeling has been the great cities of Seattle, Portland, and other Pacific coast cities of the United States. When the 100,000,000 acres of arable land are taken up and the stream of immigration ceases to flow toward Canada, then and not till then will it be opportune to heed the cautious, short-sighted ones.

A reasonable amount of caution is, of course, necessary during our development; for instance, the merchant should be more discreet in the matter of credit. In fact, this system of doing business should be done away with, and the first steps in that direction taken at once. Manufacturers, of course, have corresponding reasons to exercise caution in their

## ATTENTION VETERANS

The Imperial Service Medal Association of Alberta has been assigned a place in the Inaugural Parade which takes place at Edmonton on September 1st. It is desired that as large an attendance as possible of members will be present on that occasion. Every man who possesses a medal is asked to join the parade, and signify his intention by communicating with the Hon. Sec., Will Godson, Strathcona, giving the name of his regiment and his service. As it will add greatly to the appearance of the parade, it is requested that as many medals as possible be taken part mounted and in uniform. It is further asked that those who can come on horse-back will please inform the secretary. This association was formed about ten weeks ago and already numbers over one hundred members. The Indian Medal, the Fenian Raid, Indian War, the Wolseley Expedition, the Nile Expedition, North West Rebellion, Manitoba and Boer Wars, and many other medals are represented in the Association. The officers of the Association would like to see every man who has served in the army or navy and who holds an active service medal for some join the Association. Those who take this opportunity of asking all such to communicate with Will Godson, Hon. Sec., Strathcona, who will be glad to furnish any information regarding the Association.

## LOCAL

A Mission band will be held Friday afternoon at 4 o'clock in the Baptist church. Children are cordially invited.

The Arnold show arrived in Stratford this morning by special train. The show occupies seven cars and promises to be quite an elaborate affair.

The Fort Saskatchewan trail is reported in a very bad condition, the road being full of pitch holes, which make the traveling neither comfortable nor secure.

Toronto, Aug. 15.—George Kessler is under arrest. He is manager of the Saskatchewan Colonization Company, and is reported to be at Waskeswin on the charge of stealing \$800 worth of diamonds. He will be taken back for trial.

William Frederick Gairdner, late assistant Hudson Bay Company, died this morning, August 17th, at 8 o'clock. Aged 64 years. The funeral will leave his late residence at 2 p.m. tomorrow (Friday) to the Edmonton cemetery.

Michene Hat News: An engine jumped the track in the C. P. R. yards this morning at the switch near the east end of the station platform. The driver, however, very cleverly jumped the locomotive back on the rails again. It was a pretty piece of work.

The cattle returns for Alberta for July show that 3,000 head were exported during the month. The estimated exports for August are put at 11,000. The export business showed signs of becoming firmer, but the reports of a declining market are discouraging shippers.

Prof. and Mrs. O. B. Puell of Montreal, came in on Tuesday and will spend several days in the vicinity securing photographs for use in illustrated lectures. Professor Puell went over the C. P. R. to the coast shortly after the completion, taking views for the Government and the company.

Contractor McElhann has found a layer of hard pan about sixteen feet down at the sewer line in main dug on Eleventh street. The formation is almost like soft rock and a pick makes very little impression on it. There is no danger of the sewer curving in on the men on that street as the clay is very hard all the way down and the digging is consequently extremely difficult.

The steamer Alberta, made a return trip to Fort Saskatchewan on Tuesday, taking down sixty tons of freight and having fifty-five passengers for the return trip. The boat left for the Fort this morning with about fifty tons of freight. She will run a moonlight excursion for the L.O.F. lodge of Fort Saskatchewan tonight. The Alberta will return to the city Friday morning and will run a moonlight excursion from here Friday evening and another to the Fort and return on Saturday.

Mr. Dan McGillivuddy, former editor of the Signal, at Goderich, Ont., now connected with the department of the Interior, Ottawa, is on his way to this province to investigate the fall wheat situation in southern Alberta. It is recommended by residents of the district that the wonderful future is not mentioned prominently in government reports, particularly its development in connection with irrigation. He will collect data to place the advantages of the district as a field for settlement before intending settlers.

Melfort Moon: The crops in the Carrot River Valley this season are fully two weeks earlier than they were last season, and wheat-cutting begins this week on several farms. There are some of the most magnificent crops that have ever been grown in this district, always famous for good crops, but there are also some poor crops, due to shallow seeding in this which has been a dry season up to a couple of weeks ago. Harvest began last week, considerable barley having been cut, and this week the wheat and oat crops are being cut on some farms, and nearly all are beginning to take on that color which makes the farmer think there is something coming to him.

Winnipeg Tribune: That Edmonton is bound to be a great city there continues to accumulate evidence on all hands. Mr. J. St. Clair Blackett, one of the prominent residents of the northern city is in Winnipeg at present disposing of a small portion of stock for the Edmonton Oil Company, of which he is one of the chief members. The company is pursuing its development work and a little additional capital is required. Speaking to a reporter about the enterprise Mr. Blackett said: "The asphaltum oil oozing from the ground near Egg Lake about 25 miles northwest of Edmonton, was long a source of curiosity to the old-timers. Coming to the notice of a California oil expert, careful investigation and fully believes he has discovered a field which gives promise of rivaling in importance the great oil fields of California. The Edmonton Oil Company is at present drilling on the field. The development of the oil industry will be of the greatest importance to Alberta, generally, and Edmonton in particular, oil as an economical and perfect fuel for railways and manufacturing plants is unequalled today among the fuel products of the world as imagined in the extensive use to which it has been put as a fuel in the state of California." Mr. Blackett is confident that his company has a good thing as the indications are excellent. Oil has been struck and it is expected that the oil deposits will be reached any day.
